Description

Modern Ibiza-Style Villa Reform Project with Panoramic Sea Views This attractive reform project offers the opportunity to create a modern Ibiza-style villa with beautiful panoramic sea views, combining contemporary design with natural Mediterranean charm. Planned with bright open spaces and clean architectural lines, the villa will feature a harmonious blend of wood and stone elements together with light, natural tones that create a warm and inviting atmosphere throughout.
Distributed over two levels, the property is designed around an open-plan living and kitchen area that flows directly onto spacious terraces and covered outdoor areas ideal for dining and relaxing while enjoying the views. The project includes four bedrooms, all with en-suite bathrooms, as well as a guest toilet, laundry room and practical technical and storage areas. Outside, a custom-designed swimming pool will be surrounded by terraces created for comfortable outdoor living, while a private driveway provides parking for two cars. Large openings throughout the villa maximise natural light and ensure a seamless connection between indoor and outdoor spaces, making this an excellent opportunity to create a stylish Mediterranean home tailored to modern living.
If you would like further information or wish to explore the potential of this project, please feel free to contact us - we will be delighted to assist you.
